Objection to the specification

The Examiner objected to the specification for including a hyperlink. Applicants have amended the first paragraph of page 1 as follows (underlined text added, and strikeout text deleted):

also was deemed to be patentable over the other references of record. Applicants have amended independent claim 1 to contain the features of claim 9 and the intervening claims 7 and 8, and accordingly claims 1-6 and 10-11 should be allowable. Applicants have made similar amendments to independent claims 12 and 14, and accordingly these claims are also believed to be allowable.
